PRINTABLE · PNG · CLASSROOM & FAMILY

Add-Your-Face Christmas Friends

40 faceless Christmas characters: add a photo of your child's face and turn them into an elf, Santa, a reindeer, a gingerbread friend and more.

START HERE

Two ways to add a face

1 On paper (no tech needed)

Print a character page. Print or cut out a photo of your child's face, slightly bigger than the white circle, and glue it on top. Great for classrooms, bulletin boards and cards.

2 Digitally (phone or computer)

Open a PNG from the download folder in a free app such as Canva, Google Slides or PowerPoint. Place your photo on the layer *behind* the character and move it until the face shows through the hole. Save and share.

3 Make a bulletin board

Print the "OUR LITTLE ELVES" letters and line up the whole class or family underneath.

What's included

40 PNG characters with transparent background and a see-through face hole (high resolution), 40 printable pages, bulletin board letters, US Letter + A4.

License

Personal and single-classroom use. Do not resell or share the files. Characters designed by our small shop with the help of AI tools.
