# How to cook together

Pick a card, put it on the fridge, and let your child do the numbered jobs. Grown-up jobs are listed at the bottom of each card. Print on card stock and cut along the gaps – four cards per page.

## LITTLE CHEF RULES

- ☆ Wash hands first
- ☆ Ask before you touch the oven
- ☆ Knives are for grown-ups
- ☆ Taste with a clean spoon
- ☆ Spills are okay – we wipe together
- ☆ Tie hair back, sleeves up
- ☆ One job at a time
- ☆ Clean up, then celebrate

### Allergy check

Swap any ingredient your family avoids. Nut butters can be swapped for sunflower butter. Cut round foods like grapes in quarters for small children.

### A note for parents

Always supervise. Oven, stove and knife steps are grown-up jobs. These are simple family recipes, not nutrition or medical advice.
